SUMMARY

Researcher with more than 8 years of experience in **big data analytics and engineering**, with special emphasis on using **open source software** and **reproducible research** methods.

Design, implementation and management of more than 20 projects related with big data analytics and engineering over the past 8 years in different areas like software engineering, large-scale on-line communities, energy efficiency, content classification or opinion mining.

Lecturer and speaker on big data analytics methods and tools, innovation management and community building.

Professional and technical skills

Organizational skills Excellent leadership skills acquired through more than 7 years of experience in project management (team size 5-10).

Very good **organization and planning** competencies, as well as good capacity for multitasking at different levels of detail (management and development).

Good skills for working in **multidisciplinary and multicultural environments**, through participation in international projects (EU FP6, EU FP7, USA NSF) and research abroad (Telecom Bretagne, Brest, France).

Good competencies for **planning and economic management** of research and innovation projects.

Excellent skills for **organization of international dissemination events** and conferences (Program Chair WikiSym 2010, General Chair WikiSym 2011).

Technical skills More than 10 years of experience in **cross-platform software development** with **Python** and **Java** (JDK 7), Linux/Unix shell scripting, C and C++.

More than 7 years of experience in **statistical programming with R** (RStudio, Shiny), applying **multiple techniques**: linear models, multivariate data analysis,

time series, survival analysis, classification systems, clustering, analysis of inequalities, quality metrics, social network analysis.

More than 7 years of experience in **management and optimization of RDBMS** (MariaDB/MySQL , PostgreSQL , SQLite) and database connectors and APIs (SQLAlchemy).

More than 2 years of experience with the **Apache Hadoop** ecosystem (Cloudera) and **NoSQL** technologies (Redis , MongoDB , Neo4J).

Deep knowledge in **data retrieval and preparation** using multiple formats (CSV, XML, JSON, YAML, HDF5), open data repositories and semantic web technologies (RDF, SPARQL).

Experience with **high-performance messaging systems** like ØMQ and RabbitMQ .

Very good skills in development of **RESTful web services** (Python & Django) for data retrieval, data provisioning and web applications.

Excellent competencies in **distributed software development**: version control (Git, SVN), bug tracking (Bugzilla, Mantis, JIRA), software development platforms (GitHub, Redmine).

Experience in **web development** languages (HTML, CSS, JavaScript, PHP) and frameworks (Twitter Bootstrap).

Experience (power user & system administrator) on **Windows systems** (Windows XP, Windows 7, Windows 8).

Experience (power user & system administrator) on **GNU/Linux systems** (Debian, Ubuntu).

Experience with several **office suites** (MS Office, OpenOffice, LibreOffice): word processors, presentations, spreadsheets, etc.

Good skills in **document edition and layout design** with LaTeX (Kile).

Usage and administration of **wiki platforms** (MediaWiki, DocuWiki).

Other skills

Good skills on **photography** and **image manipulation** packages (Gimp, Photoshop Lightroom).

Basic knowledge on **graphical design** with Inkscape.

EDUCATION

Universidad Rey Juan Carlos

2005-2009 **Ph.D. in Computer Science**, *cum laude*, (November 2005 - April 2009).

Advisor: Dr. Jesús M. González-Barahona.

Dissertation: *Wikipedia: A quantitative analysis*. It presents an empirical analysis and side-by-side comparison of the top-10 language editions of Wikipedia, focusing on community and system dynamics, and sustainability conditions.

PDF (CC-BY-SA 3.0): <http://felipeortega.net/sites/default/files/thesis-jfelipe.pdf>

Additional remarks: The dissertation and main conclusions have received wide coverage by mass-media, including [The Wall Street Journal](#), [The Guardian](#), [Newsweek](#), etc.

Universidad Alfonso X El Sabio

1998-2003 **Master in Telecommunications Engineering.** (September 1998 - July 2003).
Final project: *Security systems for wireless networks.*

Awards and Academic Honors

2003 **Best Academic Record Award in Telecommunications Engineering**, July 2003.
Universidad Alfonso X El Sabio.

APPOINTMENTS

2013 (May-July) Visiting researcher, Dept. LUSSI, Télécom Bretagne (Brest, France).

2012 - currently Researcher, Dept. Statistics and Operations Research, URJC.

2007 - currently Associate Professor (part time), Universidad Alfonso X El Sabio.

2010 - 2012 Lecturer, Master in Digital Economy and Creative Industries at EOI Business School, Madrid.

2007 - 2012 Researcher & Project Manager, GSyC/Libresoft, URJC.

2005 - 2007 Associate Professor (full time), Universidad Alfonso X El Sabio.

2004 - 2005 Consultant Engineer, National Institute for Aerospace Technologies.

2004 Security programmer, S21Sec.

2004 - 2005 Associate Professor (part time), Universidad Alfonso X El Sabio.

2002 - 2003 Developer, Center for Research, Development and Application of Emerging Technologies (Universidad Alfonso X El Sabio).

TEACHING

- +10 years of experience teaching and coordinating undergraduate and graduate courses at *Universidad Alfonso X El Sabio* and *Universidad Rey Juan Carlos*.
- **Awards:** *Best Professor course 2012-2013*, Master on Libre Software, Universidad Rey Juan Carlos, June 2013.
 - *Telecommunications Engineering (UAX)*: Computer Architecture, Communication Networks: Protocols, Infrastructures and Interconnection Devices, Computer Networks and Services: Planning and Design, Computer Networks Administration and Management.
 - *Telecommunications Engineering in Image and Sound (UAX)*: Fundamentals and Practice of Programming, Communication Networks and Services (network protocols).
 - *Industrial Engineering (UAX)*: Computer Organization and Structure.
 - *Computer Science Engineering (UAX)*: Cryptography: Theory and Applications.
 - *Master on Information Systems Security (UAX)*: Wireless Networks Security.
 - *Master on Libre Software (URJC)* (Website: <http://master.libresoft.es>; Courses: <http://docencia.etsit.urjc.es/moodle/course/category.php?id=34>).
 - Economic Aspects of FLOSS, Developers and their Motivations, Quality Evaluation of FLOSS projects, Management of FLOSS, On-line Communities, Statistics and Data Analysis.
 - *Master on Decision Systems Engineering*: Decision Engineering.
- Lecturer at *EOI Business School*, targeting intermediate and upper-level managers of private companies (mixed backgrounds on Economics, Politics, Business Administration, Law, Engineering, etc.).
 - *Master in Digital Economy and Creative Industries (EOI)*.
 - Economic aspects and business models in FLOSS.
 - Virtual communities and open content.
